

More efficient payrolls start with enhanced Canadian Payroll software

Stop using spreadsheets to track information that belongs in Payroll. Payroll Power Pack™ adds the features you have been missing to create a more accurate and complete payroll system.

Comprehensive Payroll Add-on for Microsoft® Dynamics GP

Super Banks

- Unlimited number of time banks
- Periodic Accrual or Annual Grants
- Simplified Flush / Transfer / Payout
- Stepped accrual rates
- Negative balance support

Improved Visibility

- Preview reports prior to calculation/posting
- New SmartList objects
- Audit trails

To find out more, contact Sales@Joftware.com

Enhanced Paycodes

- Main Paycode Factoring
 - Overtime can be set to a factor of regular time rather than an amount
- Linked Paycode Adjustments
 - Automatically reduce salary units for accurate payroll

“This is what Payroll has been missing for years. Every GP company that runs Canadian Payroll needs this product.”
